# CEOs' MESSAGE

Dear Fellow Shareholders,

We are delighted to share Annual Report for the financial year ended 31st March 2021 of your company. Last year has been a testing time for all of us due to the challenges posed by COVID 19 pandemic. It's a once in a lifetime crisis and the last year was like none other in modern times and both people and businesses have suffered immensely. As they say, nothing is permanent in life and true to human spirit, we all fought back as ONE to defeat this virus and emerge stronger.

Like many others, we too had our share of ups and downs during this pandemic and learned many life lessons along the way, which will be of immense help for all of us in navigating the tough times going forward.

Very early in the pandemic, we were blessed to foresee some of the challenges and hence took proactive steps to soften the blow. We truly believe that lending business is not only about lending but more about collecting.

- ✓ We did not disburse any loan in Q1 of FY21, at the peak of first wave
- ✓ Our focus was to direct all our energies in making sure our collection remains strong
- ✓ As a result of our focused approach, our collection efficiency remained very high at 97%+ even during the moratorium period (March – August 2020)

The other important aspect of our business is technology and our inherent readiness is to be digitally ready to deal with any challenges posed by pandemic. Since early on, we have been investing in cutting-edge technology, which remains the backbone of our operations.

**Mayur Modi - Co-CEO**

Technology not only helped us internally to conduct our day-to-day operations seamlessly, but also helped us be in touch with our customers remotely, helping them in these times of crisis. Necessary hardware and software tools for online collaboration were arranged at short notice due to which all the teams were able to work remotely. This ensured absolute business continuity and no interruptions to the day-to-day functioning.

The most important aspect of our business are our people who make the DNA of your company. Whilst we were seeing madness all around us, to cut costs by laying off people en masse during this very difficult time, sanity prevailed amongst your management.

We not only did not let go of a single individual of our team, but we ensured that we give them their rightful dues like salary increments, bonuses as well as, extended health care benefits more than the standard plans as per the requirement.

Lending business has evolved over the years and capital is an important resource and hence it is important to deploy this capital responsibly. We take this responsibility very seriously and are democratizing credit to the deserving micro-enterprises, which helps in creating a notable positive social impact at the bottom of the pyramid and paves the way for economically and socially stronger communities.

We believe in 'lending + beyond' - where lending is lending plus where there are huge opportunities of improving efficiency and productivity of our customers.

We do all this not at the cost of profitability to our shareholders, but by creating a sustainable efficient model which helps us in delivering our products efficiently thereby creating long term shareholder value.

In FY21, we have emerged stronger despite all the challenges and this is due to our various stakeholders:

- ✓ Our People - who have showed tremendous resilience and support
- ✓ Our Lending Partners - who have had unwavering faith in us despite being a very new organization and continue to support us
- ✓ Our Customer - who have behaved responsibly and serviced their loans timely despite all the challenges both at the business and personal level

### Deepak Aggarwal - Co-CEO

All these stakeholders have ensured that we continue to remain strong and create long term value to all the stakeholders.

Here are the highlights of last year:

## Going Forward

We firmly believe in the strength of our portfolio, trust our underwriting expertise, and remain very positive on the long-term industry growth outlook.

Also, due to our robust collection efficiency, we have been successful in attracting new lending partners despite challenging environment for NBFCs, which has helped us in supporting micro enterprises.

We believe our debt raising capability will significantly improve in the current year with maturing relationships with existing lenders and addition of new lenders.

We are on the path of becoming profitable with very strong growth in AUM despite challenging Q1FY22 posed by 2nd wave of COVID 19 pandemic.

We are going to deepen our bond with our customers by offering loan plus services. We are in the process of evaluating the interventions that can be made to improve their lives. We are excited about this space and investment in this area is going to bear fruits in the years to come not only to your company but to our customers and communities at large.

Moreover, the way your company has managed this difficult period, we can say one thing with a fair degree of certainty - **Your Company has the team, the commitment, the capability and the financial strength to overcome any crisis. We are truly on our way to building a first-class organization.**

Our Hon'ble Prime minister's wakeup call of "Sabka Prayas" on this 75th Independence Day resonates well with the philosophies of your company and its customers and stakeholders as we are helping each other to achieve new heights and see the next 25 years of your company and the country as "Amrit Mahotsav" period. In these times, your company's motto becomes all the more relevant:

**"Let's be together, build together and grow together"**

Stay safe. Vaccinate yourself and your family. Wear masks. Maintain social distancing. Never forget that "we shall overcome".

Yours sincerely,

Mayur Modi

## II. WHY CHOOSE US?

### HUGE MARKET OPPORTUNITY

While MSMEs play a crucial role in achieving fast and equitable economic growth, they face a huge credit gap estimated at INR 25.8 trillion in 2018 as per IFC Report.

- Lack of credit history
- Inability to provide collateral
- Lack of formal documentation

Inhibit the flow of credit to micro and small enterprises (MSEs).

Banks and NBFCs perceive lending to MSEs as high risk, expensive proposition considering small average credit size, high transaction costs (due diligence, collection).

Credit underwriting is difficult due to lack of information and predictable cash flow analysis.

Outdated underwriting: Focuses more on collateral and unable to assess true repayment capacity of the borrower.

Lack of innovative products: Inflexible loan terms (tenure, payment structure) and rigid collateral requirements.

## We are addressing a Dire Problem

The “Missing Middle”

- ✓ Bottom of the pyramid is being adequately addressed by numerous MFIs providing small group loans (INR 2.59 trillion)
- ✓ Secured loans with higher credit-size (INR 500,000+) aggressively pursued by Banks and NBFCs
- ✓ Salaried individuals and enterprises with documentary proof too are actively pursued by Banks and Fintech NBFCs
- ✓ Unsecured business loans to Individuals in INR 50,000 to INR 500,000 range are a severely underserved segment, presenting a huge market opportunity in addition to microfinance borrowers graduating to individual loans
- ✓ Fintech is unable to serve this segment due to lack of data
- ✓ Addressing this segment requires on-ground presence for effective underwriting and collection efficiency

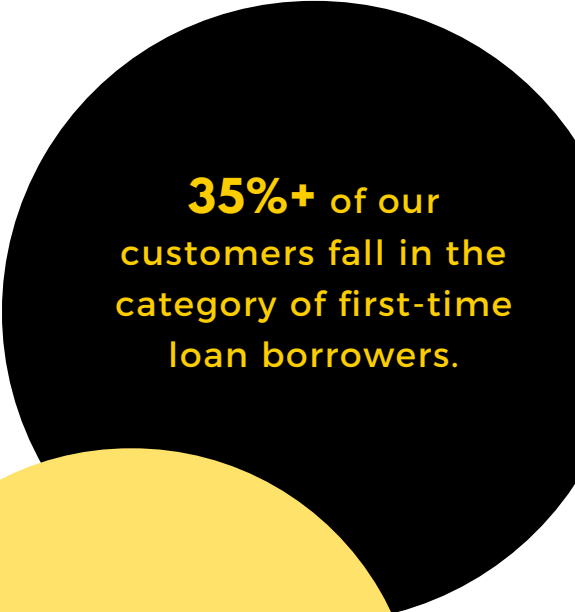

Moneyboxx being a new age technology based NBFC into MSME lending space is on the path to cater to the “Missing Middle” by providing them with the required growth capital to enhance and expand their business. Simultaneously we also believe in fostering entrepreneurship for the growing and rising youth of our country. Another important aspect of our business is promoting gender inclusion and moving away from the cultural bias in our society. The other direct impact of our business includes increasing livestock capital, improving household income.

We believe, our business impacts our society in many ways and we have tried to express this through our stories where we have witnessed society’s growth and empowerment.

## Filling the gap of the Missing Middle

Moneyboxx started with an aim to serve this particular segment and fulfil their unmet credit demands – thus empowering the rural population to pursue their entrepreneurial goals. In a short span of two years, with an in-depth understanding of the rural ecosystem, we encourage agri-enterprises and small businesses to flourish.

**There has been a special focus on the ‘new to credit’ customers availing loans.** The global fraternity welcomes India as a promising nation where the citizens can contribute immensely to its growth and progress. This cannot be fully achieved if a large population is deprived of resources, especially capital to pursue their dreams and sow the seed of their innovative ideas. Collaborative efforts to enrich rural ecosystem, especially by serving the underserved, will strengthen the economy and build a prosperous society.

**35%+** of our customers fall in the category of first-time loan borrowers.

**Impacted 7341+** livelihoods in a short span of 2 years.

# OUR STORY

Moneyboxx Finance Limited (MBFL) is a BSE-listed NBFC, providing small-ticket loans to the 'MISSING MIDDLE' - our country's micro-entrepreneurs with limited access to capital and other resources.

With our aspiration to be the engine of growth for underserved micro entrepreneurs, we started operating in February 2019 with our first branch in Bharatpur, Rajasthan.

## Our aim has always been three fold:

- ✓ To create effective, long-lasting social impact in the geographies we operate in and are aligned to the company's core business of IMPACT FINANCING
- ✓ To create long term value for our customers, employees and all stakeholders
- ✓ To support micro entrepreneurs who face difficulties in securing loans without collateral, we act as a stepping stone to help them fasten up their economic journey by providing them with collateral free growth capital

Spread across four states of India with 22 branches as of March 2021, we are triggering ripple effects in supporting the micro-entrepreneurs fulfil their dreams.

Our strength is our highly driven and qualified management team of expert professionals, who come with 20+ years of experience in the financial industry. We believe and follow transparent and ethical business practices.

## Our Vision

To be "The Lender of Choice" for deserving micro enterprises in India.

## Our Mission

To deliver easy, cost efficient and technology driven financing solutions to aspiring micro enterprises.

# OUR VALUES

## I. Customer Satisfaction

We hold our customers' hands throughout the lifecycle to ensure a hassle-free and superior customer experience.

## II. Teamwork

Every team member is handpicked by the management and guided by experienced professionals with deep industry knowledge to make sure that everyone adds value to the organization.

## III. Excellence

We strive to deliver our products and services efficiently backed by an experienced team and robust technology, to help small micro-entrepreneurs.

## IV. Integrity

We drive this organization on certain core ethical principles. We believe in doing the right thing, being truthful and honest with all our stakeholders, thus fostering trustworthiness and transparency with all involved.

## V. Innovation

We invest in cutting edge technology and innovation. We leverage analytics, artificial intelligence and machine learning technologies to grow at rapid speed and huge scale.

## VI. Transparency

As we thrive on a relationship-based approach, with an aim to impact not just our direct customer but their families - we aspire to work towards 100% transparency and full disclosure.

## VII. Trust and Respect

We treat all our stakeholders as valuable asset to ensure long-term, transparent and mutually beneficial relationship. We value respect as a strong foundation for our growth ideas and the larger goal to impact 1 million lives.

# 9 PILLARS OF OUR BUSINESS PHILOSOPHY

## 1. STRATEGY

Concentrated efforts towards the right customer segment, the optimal product mix and the ideal geographical reach.

## 2. EFFECTIVE PRICING

We follow a value-based pricing approach to serve our customers.

## 3. OPERATIONAL EXCELLENCE

Our digitally-enabled processes and systems are aligned with the goal of ensuring a hassle-free operational procedure.

## 4. SALES

A hands-on, on ground team backed by digitally enabled back-end support, has been successful in boosting sales activity as well as enhancing sales productivity.

## 5. CUSTOMER EXPERIENCE

Our Impact Financing framework ensures that we are not only catering to the financial needs of the customer but also build a deep and long lasting relationship with them to ensure a personalized, hassle free experience throughout their loan tenure.

# 9 PILLARS OF OUR BUSINESS PHILOSOPHY

## 6. PARTNERSHIP MODELS

Partnering with all our stakeholders to create long term value.

## 8. AGILE IT & DATA ANALYTICS

Integrating mean, agile tech systems at work to enhance process speed and productivity, allow teams to focus on business growth and strategy.

## 7. CREDIT & COLLECTION

Robust underwriting and strong collection capabilities are the twin pillars of lending business.

## 9. ORGANISATIONAL STRUCTURE & TALENT

Here our lean physical setup comes together with our mean technology base, to form our 'phygital model' of working towards effective end to end customer lifecycle management.

# OUR DIFFERENTIATED APPROACH

## DIRECT-TO-CUSTOMER

We reach out to our customers directly, without third-party agents, hence focusing on relationship-based business instead of a transaction or product-based approach.

## TECH AT WORK (TECH ENABLED DECISION-MAKING)

We are at the forefront of deploying technology and continue to make significant investments in IT infrastructure to leverage the power of technology in digitizing processes, analytics and decision making. Combination of human knowledge and technology is adapted to acquire and understand customers in the underserved micro enterprises space.

## UNIQUE CREDIT METHODOLOGY

Customer's enterprise is analyzed in depth and their business trades are continuously monitored to incorporate changes in the credit evaluation tool. Owing to diverse fields of microenterprises, primarily focusing on manufacturing, trading, services and livestock, a unique methodology is adopted, catering to exclusive needs.

## STRONG UNDERWRITING CAPABILITIES

Robust credit underwriting is backed by non-traditional, non-financial alternative data sources and sector specific inputs.

## ANALYTICS

Crunching of data points is enabled at the backend for segmental understanding of small but valued businesses. Supervised Machine Learning algorithms like Random Forest and Logistic regression are used for predictive analysis and customer sentiment analysis.

# OUR DIFFERENTIATED APPROACH

## CLUSTER APPROACH (ON GROUND PRESENCE)

We follow a cluster-based approach, wherein we focus on scaling up across geographies, thereby maximizing the value through localized economic development.

## DIVERSIFICATION

Our unique Credit approach allows us to strategically and cautiously spread risk across sectors and geographies to ensure lesser risk of conditions affecting different sectors over time.

## DESIGNING SUITABLE PRODUCTS / UNDERSTANDING CUSTOMER REQUIREMENT

We aim for an in-depth study of the customer's enterprise to draw out the assessment peculiarities of that specific business trade. These business trades are continuously monitored and changes are incorporated in the credit evaluation tools accordingly. On the basis of this knowledge we are able to create products, tailor-made for our customers.

## EVALUATING LOAN BURDEN

We believe in maintaining the highest credit quality by evaluating customer needs and true cash flows. We carry out rigorous data crunching at the back end for segmental understanding of these small but valued businesses.

## PROPRIETARY ASSESSMENT MODELS

We have created proprietary assessment models for each segment that we operate in, giving us unique advantage in underwriting and collection processes.

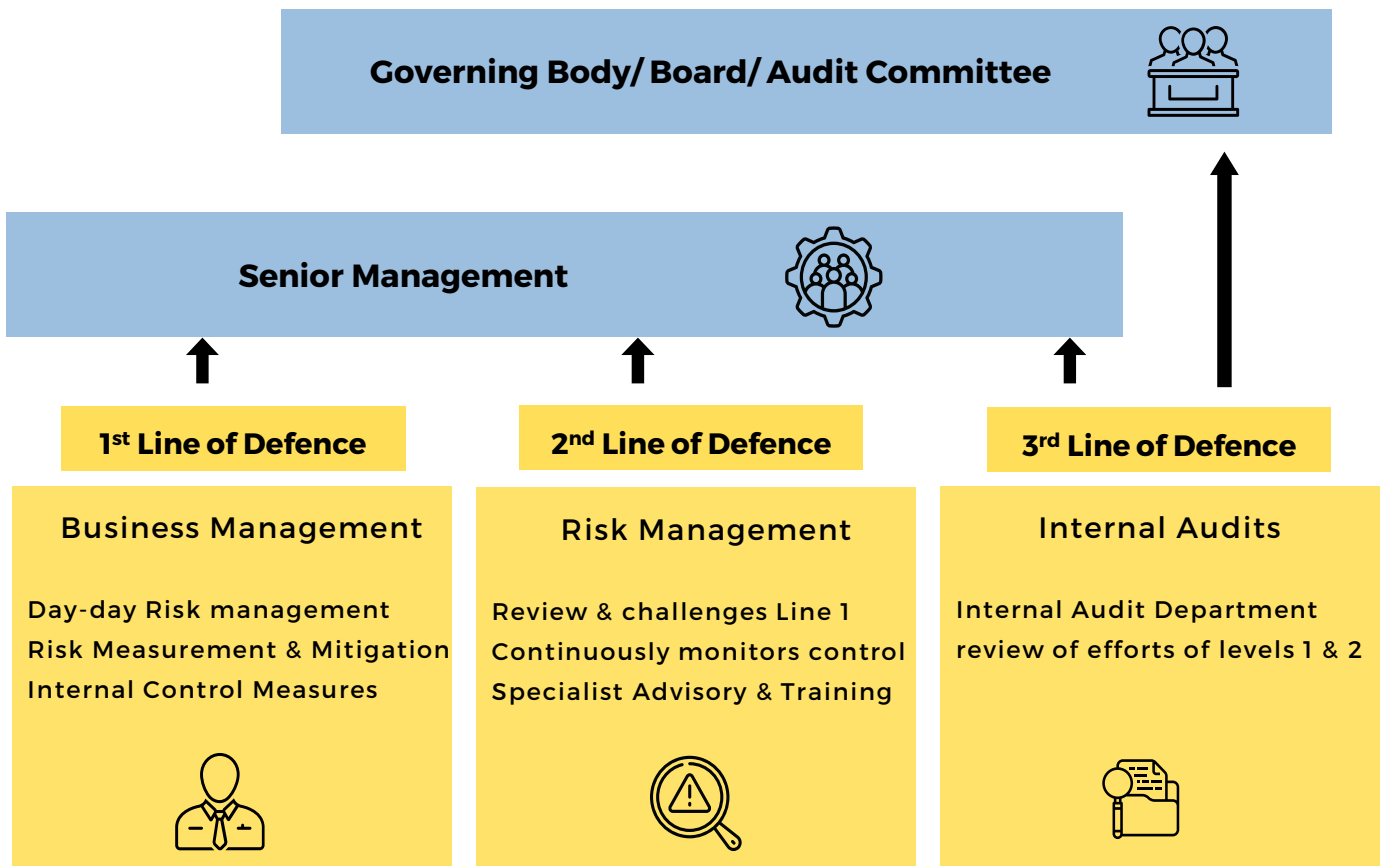

# RISK MANAGEMENT FRAMEWORK

Our Risk Management Framework aims at alignment of capital-to-business strategy to support business activities and functions, maximize stakeholder value and safeguard organization's financial health and good will.

We deploy the '3 Lines of Defence' risk management approach to imbibe risk management in the very culture of the organization. The triple layered approach compliments our risk evaluation, management abilities and helps us bounce back in the volatile, dynamic business regulatory ecosystem.

- 1** First line of Defence: Management or Process Owners. They are accountable for day-to-day risk management as per prescribed frameworks, boundaries, disbursed policies and processes. These risk control policies monitor and control the risk on an ongoing basis as per the disbursed policies and processes.
- 2** Second line of Defence: Risk Management department, Finance and Compliance functions. It predicts and takes timely action against upcoming or potential risks in day-to-day operational functions. This is enabled through total alignment with the prescribed frameworks, policies, processes, tool and techniques to overcome oversight.
- 3** Third line of Defence: Audit function, it operates as an objective and independent judiciary for the first and second lines of defence and reports directly to the Audit Department of the Board.

## **Operational Risk Management (ORM)**

Primary objective of the operational risk management function is to create a well-fabricated policy to discover innate operational risks across services and processes in a timely manner. Identification, calibration, monitoring and control of operational risks in products/services/procedures, setting of key risk indicators, actionable response to risk issues and enabling reasonable operational risk controls are the goals of the operational risk management function.

## **Information and Cyber Security**

With a powerful internal information security division in place, we are able to address information and cyber security related risks through a risk-based cyber-security framework. The Information and Cyber Risk Division (ICRD) allows dismissal and redressal of cyber security and Information security risks across the IT landscape.

## **Enterprise Risk Management (ERM)**

- ✓ Examining and monitoring the organization's risk profile, risk appetite, strategic planning and capital competence
- ✓ Informing and thoroughly communicating about capital incompetency, alterations in capital assessments, risk management notices from regulatory authorities to the Board, RMC and Senior Management
- ✓ Developing and assessing stress-testing framework

## **Credit Risk Management (CRM)**

- ✓ Head of the Risk Management Department, the Chief Risk Officer (CRO) reports directly to the CEO and holds accountability for accessing, measuring, examining and controlling risks

**We have deployed a risk management framework for each of the prominent risk areas as per the guidelines laid by the regulator (RBI).**

- ✓ This function develops the CRM policy, examines risks and relays important information to the management. Other responsibilities include putting together a scoring/rating framework, examining capital for credit risk, cyclical reviews of portfolio, tracking of large borrowers and risk limits, examining credit concentration, evaluating portfolio quality, initial warning signals, stress testing and more. The Credit Risk Management Department ensures competency and validity of the CRM framework

## **Asset Liability Management (ALM) and Market Risk Management**

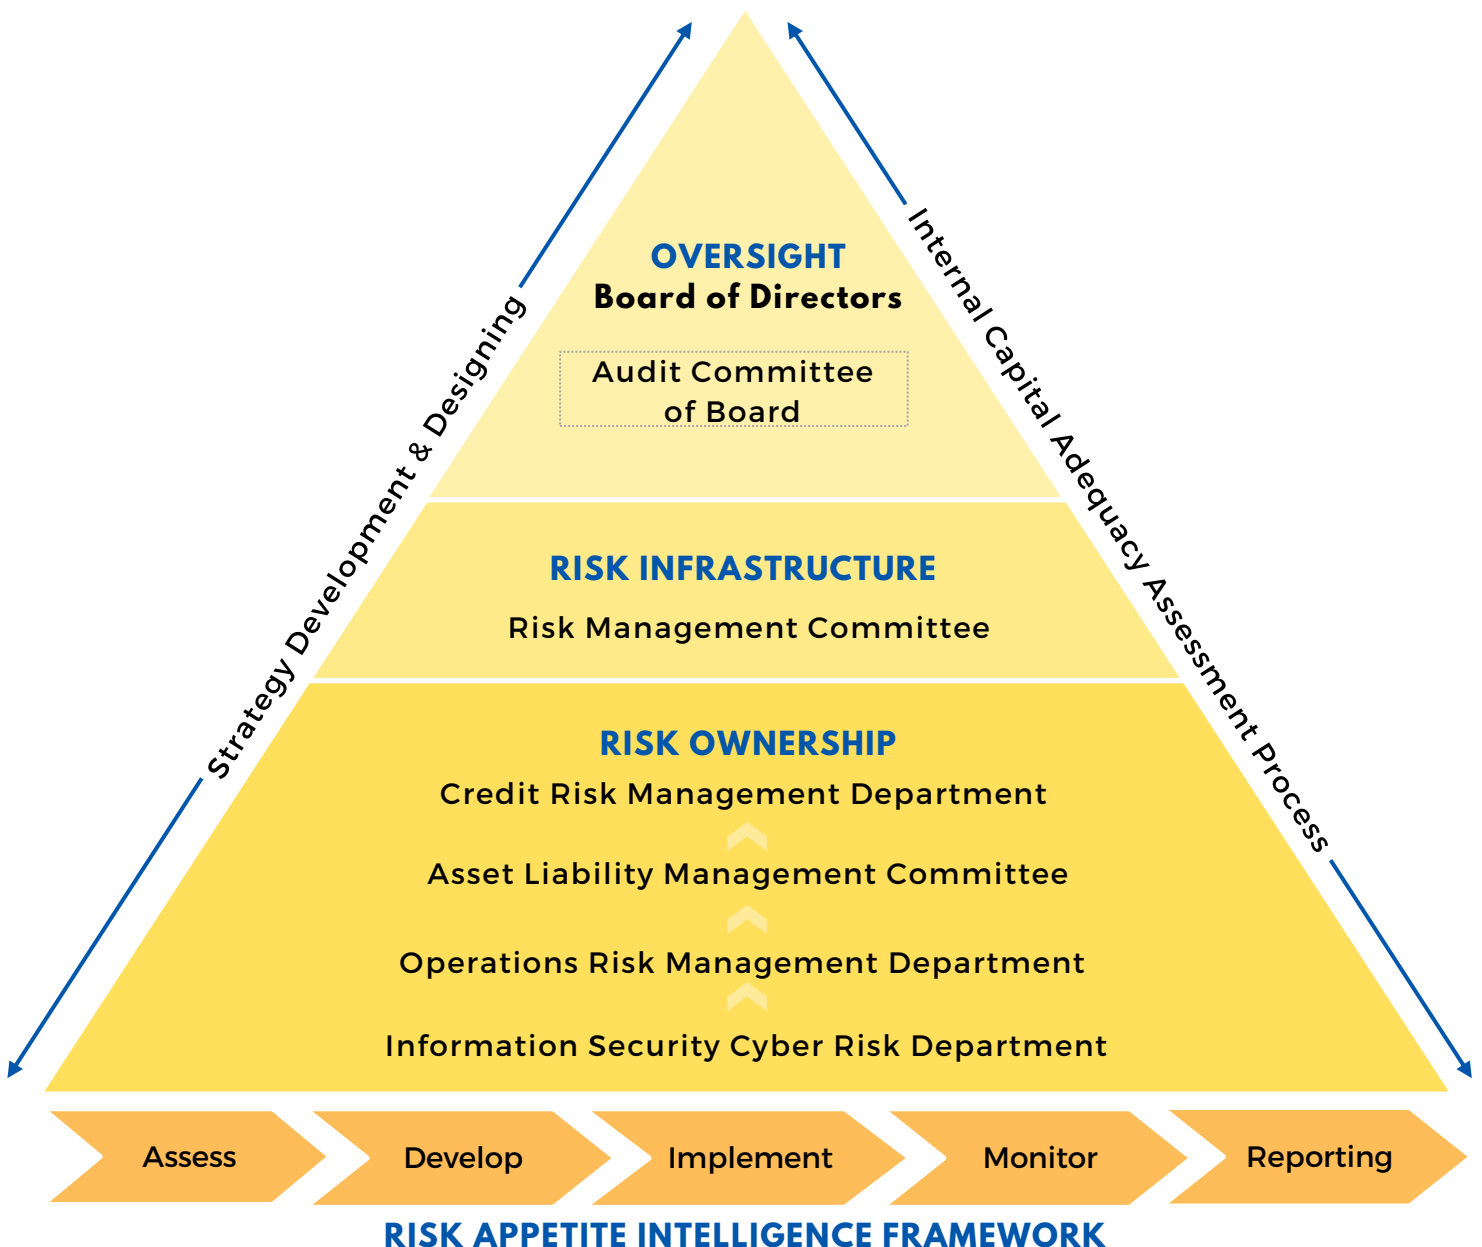

- ✓ ALM committee holds accountability for distinguishing and escalating prominent risks, controlling excess, efficiently. It is also accountable for putting together a well thought through Risk Management Policy to locate, measure, manage liquidity and interest rate risks
- ✓ Other responsibilities of the committee include; initiating links between ALM system and other risk management systems to enable controlled, integrated risks across levels; pinpointing any ALM risks in the organization's repertoire, enabling effective risk measurement procedure for dismissing and attenuating ALM risk

- ✓ Further, it enables useful inputs for capital planning for smooth future funding activities, with the greater goal of profit planning/ business development; conducting ALCO at least once per quarter to apprise the management and make informed decisions

### Risk Governance

- ✓ The Board supervises the Risk Management Committee (RMC) and other management-level bodies as a part of the Risk Governance framework. RMC is a Board-level sub-committee, which decides risk policies and strategy for risk management containing various risk exposures of the company
- ✓ The company has management-level committees to address risks such as credit risk, market risk, operational risk, information security risk and more
- ✓ Audit Committee assists the Board in carrying out its oversight responsibilities as they relate to our financial and other reporting practices, internal control, compliance with laws, regulations and ethics

# OUR SOCIETY

## Rural Economy

We are a finance organization operating in Tier 3 and beyond cities where conventional agriculture is the primary occupation. These areas have experienced significant transformation, particularly in the last few years. With technological advancement and better information, people in villages and small towns are exploring avenues to increase their incomes, both in agricultural and non-agricultural occupations. It is no surprise that the number of micro and Agri- entrepreneurs in rural India is on the rise.

While 16% of India's GDP comes from agriculture, the micro, small and medium enterprises (MSMEs) contribute a significant 31% to the nation's GDP. A boost to agriculture, agri-entrepreneurship and MSMEs will play a crucial role in uplifting rural economy, reduce migration and strengthen the rural ecosystem.

However, all these sectors have not been explored to their fullest capacities yet. Majority population in rural India struggles to maintain bare minimum savings. Most farmers and small businessmen in rural areas are still operating in subsistence mode, primarily due to lack of financial support.

Poor access to finance is a huge roadblock in strengthening agricultural and rural enterprises. Most small farmers and rural entrepreneurs face issues of limited capital, lack of collateral, credit history, and lower credit score due to poor awareness. This pressure is even higher in the case of first-generation entrepreneurs as they struggle to understand the business dynamics and market challenges. The situation is very similar in agriculture as well where farmers often give in to distress selling due to lack of funds for the next cropping cycle and urgent household needs.

The consequences of this existing situation could be devastating. Since banks and other organized financial institutions follow set norms, they cannot fulfil the credit requirement of farmers and small entrepreneurs – mainly due to the absence of collateral or credit history of customers. This is the ‘deserving but underserved’ section of the rural society that often gets neglected.

Lack of adequate capital adversely affects the sustainability of agricultural and rural enterprises. Eventually, the person either bears heavy losses or is forced to borrow from unorganized sources at an invariably high interest rate. Here begins the never-ending cycle of enormous debt, poverty and a deprived lifestyle.

There is great need to empower farmers and rural entrepreneurs by providing an easy access to finance so that they focus on their business and reap success for their efforts.

## MSME

MSMEs face obstacles in accessing formal credit due to :

- Lack of information: Business documentation (income or expenses documents), high percentage of cash transactions
- Lack of credit history: Many would have not borrowed earlier or relied on informal sources of funding
- Inability to provide collateral

### Various factors which restrict the flow of credit from Banks and NBFC's:

- Banks, NBFCs perceive MSMEs as high-risk, expensive proposition: Considering small average credit size, transaction costs are high
- Obsolete underwriting practices: Credit underwriting becomes difficult due to lack of required information and predictable cash flow analysis. As outdated methods focused more on collateral and failed to assess true repayment capacity of the borrower, it curbs credit flow
- Lack of innovative products: Inflexible loan terms (tenure, payment structure) and rigid collateral requirements

# DIGITAL PROCESSES, TECH-ENABLED DECISION MAKING AND CUSTOMER EFFECTIVENESS

## Human Knowledge and Technology Intelligence

We have successfully amalgamated human knowledge and technology intelligence to deliver quick financing solutions to deserving micro enterprises. We are democratizing the right to credit and believe that it should be viable, easy, and cost-effective. To work on this goal, we need to offer financial products and solutions in a fast, efficient and scalable manner focusing on India's unserved and underserved segment. To achieve this, we have developed a proprietary credit assessment process to extend loans to customers with limited or no recorded credit or income history. We are also developing an internal score mechanism which enables us advance in this mission by providing faster loans and building a broad base of the customer network. Our portfolio caters to a wide range of needs and provides a one stop solution to all borrowers.

## Digitally Enabled Process to Enhance Productivity

Moneyboxx is at the forefront of deploying technology and significant investments in IT infrastructure to leverage the power of technology in digitizing processes, analytics and decision making. IT Infrastructural development has always been our focal point. Technology has been deployed to support the implementation of partnerships for business generation, collections, operational efficiencies, and compliance with regulations.

## United Nations SUSTAINABLE DEVELOPMENT GOALS (UN SDGs) Towards Customers

# LOAN DISBURSEMENT PROCESS

## APPROACH

- Approach micro enterprises in Tier 3 and beyond cities following a “Direct to Customer” approach
- Referral from existing customers can also be used to source customers

- Prioritize customers in the MSME segment who are still not a part of the organized financial system
- Focus on customers moving from group to individual borrowing

## PRIORITIZE

## EVALUATE

- Assess applicants on their ability to repay, the stability and cash flow of the business
- Focus on their intent depending on their history, referrals, traceability

- Disburse unsecured business loans depending on enterprise need and worth
- Disbursement with a general ticket size of INR 51K-300K with a tenor of 12-36 months

## DISBURSE

## MONITOR

- Continuously monitor trades and incorporate the changes in the credit assessment tools accordingly
- Identify and act on early caution signs by regular appraisal

## Customer Satisfaction

We believe that customers are the prime factors of success or failure for every business and hence we strive to fulfil their unmet needs with our maximum potential. We deliver the most cost effective, hassle free and transparent services to our customers by adopting the following steps:

- ✓ **Relationship Based Model:** We believe in DIRECT to CUSTOMER approach and engage in a long-term relationship with our customers. We do not employ any third-party agents to source business
- ✓ **Human Touch Point:** We believe in delivering excellent customer service by maintaining a direct touch point with them. Moneyboxx has financed 7341 customers out of which 6988 customers were fresh while 353 customers came back for repeat loans
- ✓ **Customer Grievance mechanism:** We have a strong grievance redressal mechanism where the customer can directly approach the officer to clarify doubts. In case, the issue remains unresolved they can approach the branch manager and get their issues resolved accordingly

## Transparent & Ethical Service

We ensure transparency and end-to-end information handover about the loan to all our customers, starting from the onboarding of customer till the last repayment of the loan.

- We inform our customers about the various charges related to loans, including rate of interest charged in the most transparent manner at multiple touch points. This includes the visit of Loan Relationship Officer, Branch Credit Officer and Branch Manager to the customer
- Through this 3-level touch point we ensure that the customer is aware of all charges, interests and various other parameters of loan

## 3 Level Touch Points for our Customer

Loan Relationship Officer  
↓  
Branch Credit Officer  
↓  
Branch Manager

## Trust/Brand/Reputation

We believe trust and reputation are the most important aspects in building a strong and impactful brand. We are devoted towards creating a strong foundation of well-founded goodwill and reputation for our brand.

Customers are provided with the contact details of the Loan Relationship Officer, so that they can stay in touch with each other for constant support. This directly impacts our high retention rate and repeat business - which stands as proof for our transparency that our customers give us credit for.

## Fresh & Repeat Loans

## COVID-19 Initiatives

As an NBFC, we have always believed in our customers' dynamism, vibrancy and ability to withstand hardships in life. This belief enabled us to go against conventional wisdom and encourage all our customers to avail the benefit granted by way of moratorium on loan repayments during the Covid pandemic to help them tide over the crisis by conserving capital needed to restart their small enterprise.

As the unlocking began in the pandemic hit world, our customers bounced back sharply, with the majority regularizing their repayments at the end of the moratorium period. We attribute our success in such a difficult year to our customers who demonstrated incredible resilience in the face of a supposedly insurmountable adversity.

Today, we are witnessing thousands of success stories of people borrowing small amounts of money while building financial assets and creating a formal financial footprint. We remain committed more than ever to serve as a catalyst in the convergence of increasing income, the evolving access and affordability of financial services.

A large segment of our customers come from unorganized sectors and prefer interacting in-person especially when it comes to dealing with money. Understanding their needs, we put a lot of focus on communication and engagement.

From mid-March 2020, all our teams – Sales, Credit, Collections, Operations, Branch staff – started telephonically reaching out to customers enquiring about their health, raising awareness about the ongoing crisis and extending a helping hand wherever possible. The constant communication and engagement with our customers during the difficult period of the lockdown was well appreciated and allowed us to enhance the trust and confidence they place in us. The connection established during these unprecedented times enabled our engagement when things started improving and businesses resumed in the second half.

# OUR HUMAN CAPITAL

Human capital is of utmost importance for any organization to grow. Our people are the cornerstone of our success. Their engagement and commitment makes us who we are.

Our human capital focus areas are:

- learning and development
- diversity and inclusion
- employee well-being and employee engagement

We are a growing organization and our focus on the above core areas will pave long way in attracting and retaining talent.

Moneyboxx has a strong employee base of 228 as of 31st March 2021. The employees are spread across various departments - Administration, Finance, Credit, Risk, Human Resources, Sales, Legal and Compliance and Operations. The organization has a talent pool of both freshers as well as experienced individuals from the industry. 8% of the employees are freshers.

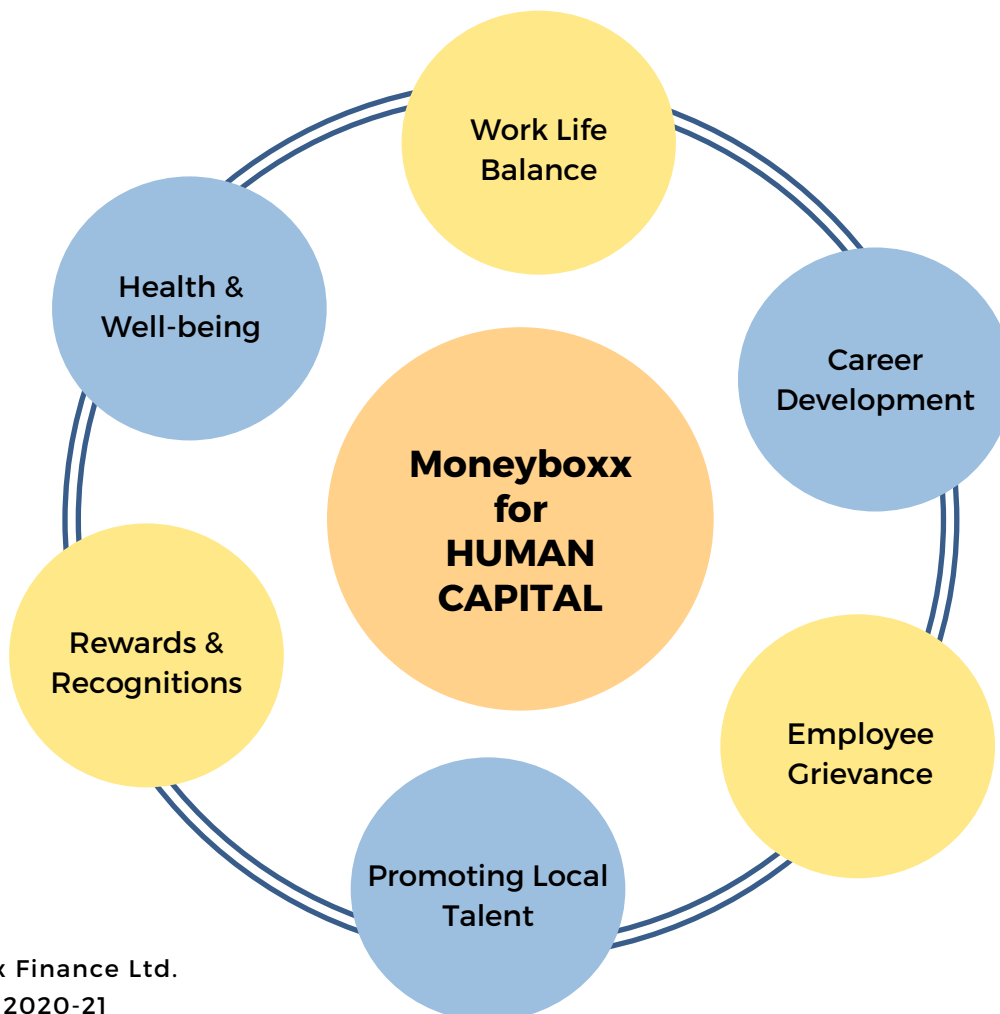

87% of the total employees come from the finance industry.

## Health & Well Being

Health and Wellbeing of our employees is our top most priority. Covid-19 crisis was not only disruptive but also created a huge reset in the way we work. Quick responsive actions were taken to ensure business continuity as well as to ensure good health, safety and well-being of all employees and their families.

We are constantly engaged with our employees to address concerns related to business impact, job security, performance appraisal, overall safety and well-being. All our employees are not only covered under the group medical policy but also covered under life insurance policies with coverage of 3.5 times the Annual Salary package they receive.

We are glad to inform that there were no casualties of our employees due to Covid-19 in the last financial year.

Our organization is working closely with the health authorities to ensure that all our employees are fully vaccinated.

**United Nations**  
**SUSTAINABLE DEVELOPMENT GOALS**  
 (UN SDGs) Towards Human Capital

**Work Life Balance**

We believe that happy employees form the core of our organization’s growth and impact. In today’s fast-paced environment it is extremely important to maintain work life balance. The organization plays a key role in ensuring this balance and effective integration for their employees. Our organization has been conducting various townhalls, activities, fun quizzes, contests for the employees, to enable stress management and ensure mental wellness. This also acts as a mindset shift from the daily work routine for the employees.

All our employees have leave entitlements for various purposes. Female employees are given 26 weeks of maternity leave. Events such as Plantation and Painting Day with family on Independence Day, Rakhi with their siblings, Secret Santa event on Christmas, Women’s Day celebration were organized and with overwhelming employee participation.

**Employee Demographics (Experience)**

- Freshers
- Experienced

**Employee Demographics (Age)**

- More than 35 years
- Upto 35 years

**Employee Demographics (Location)**

- Native to Branch Location
- Located Outside Branch Location

We believe in celebrating all festivals, small wins (personal & professional) with enthusiasm.

Gift vouchers are given to the employees who get married and during their first childbirth. On the eve of Women's Day all the female employees were given gift vouchers.

### **Promoting Local Talent**

Moneyboxx believes in providing employment to local talent. All our branches are functioning in Tier 3 and beyond cities and 87% (193 out of 228) of the total workforce are native people in that locality.

We endeavour to train our existing workforce and wish to elevate them. Last year, we promoted 30 people and trained the Sales and Operations (related to Software and Process) employees with various skill-based training programmes.

**Due to the employee friendly policies, the attrition rate of employees is very low.**

## Rewards & Recognitions

The organization has institutionalized initiatives to encourage its employees by organizing monthly competitions among employees and incentivizing the best performing amongst them. The branches are assessed on various parameters every month and the best performing branches are rewarded.

## Career Development

*"The secret to a happy life is work worth doing."-Justice Sandra Day O'Connor*

This strongly portrays our organization's belief in creating happy employees by providing them with growth opportunities that help them propel ahead in their career. Our organization plays a vital role in the career development of all the employees in its organizational hierarchy.

## Employee Grievance

The organization not only believes in equal growth of all the employees but also makes sure that all employees are treated fairly without any bias. For this, our organization has various policies and committees in place such as POSH policy, Employee Grievance Forum, Whistle Blowing policy, Code of conduct policy.

## COVID 19 Initiatives

The organization did not resort to job cuts or pay cuts. Instead, to boost employee morale, increments, bonuses and promotions were given across levels. Our CEO was constantly connected with various employee groups across all locations to infuse a sense of security. To meet urgent, specific needs of employees, the organization provided salary advances and staff loans. Specific needs were hospitalization of self, spouse, children, dependent parents and for payment of housing deposit, educational expense of their children, or any other requirement for urgent needs. All our employees voluntarily contributed their one-day salary to the PM Cares Fund.

# OUR INVESTORS

## Economic Sustainability/Profitability

Moneyboxx is committed to building a scalable and sustainable business model and the Management has outlined a clear path to profitability with growing scale and AUM, raising employee productivity and benefits of operating leverage.

We believe that without profits, the business will not be able to scale up. Hence, we work on strong unit economics.

Total Income from Operations for FY21 was INR 10.97 crore compared to INR 3.75 crore in FY20, reporting a growth of 192.4% despite the impact of the pandemic which led to almost NIL growth in AUM in H1FY21, but helped by improving business at existing branches and addition of new branches.

- Loss before tax for FY21 was INR 3.89 crore compared to Loss before tax of INR 3.41 crore in FY20
- With recognition of deferred tax assets of INR 0.91 crore in FY21, Net Loss for FY21 was INR 2.97 crore compared to a Net Loss of INR 3.55 crore last year
- The losses are attributed to build-out stage costs in the first two years of operations, though the losses would have been negligible in FY21 had the pandemic not hit

### DISBURSEMENTS (INR CRORES)

We stopped disbursing due to nation-wide lockdown

### INCOME FROM OPERATIONS vs. PAT (INR CRORE)

Capital Adequacy Ratio of 39.4% (of which Tier-I 39.02%) as of 31.03.2021 compared to 93.65% (of which Tier-I 92.62%) as of 31.03.2020. The organization had strengthened its capital base just before the start of pandemic by raising INR 11.65 crore Equity Capital in Feb 2020.

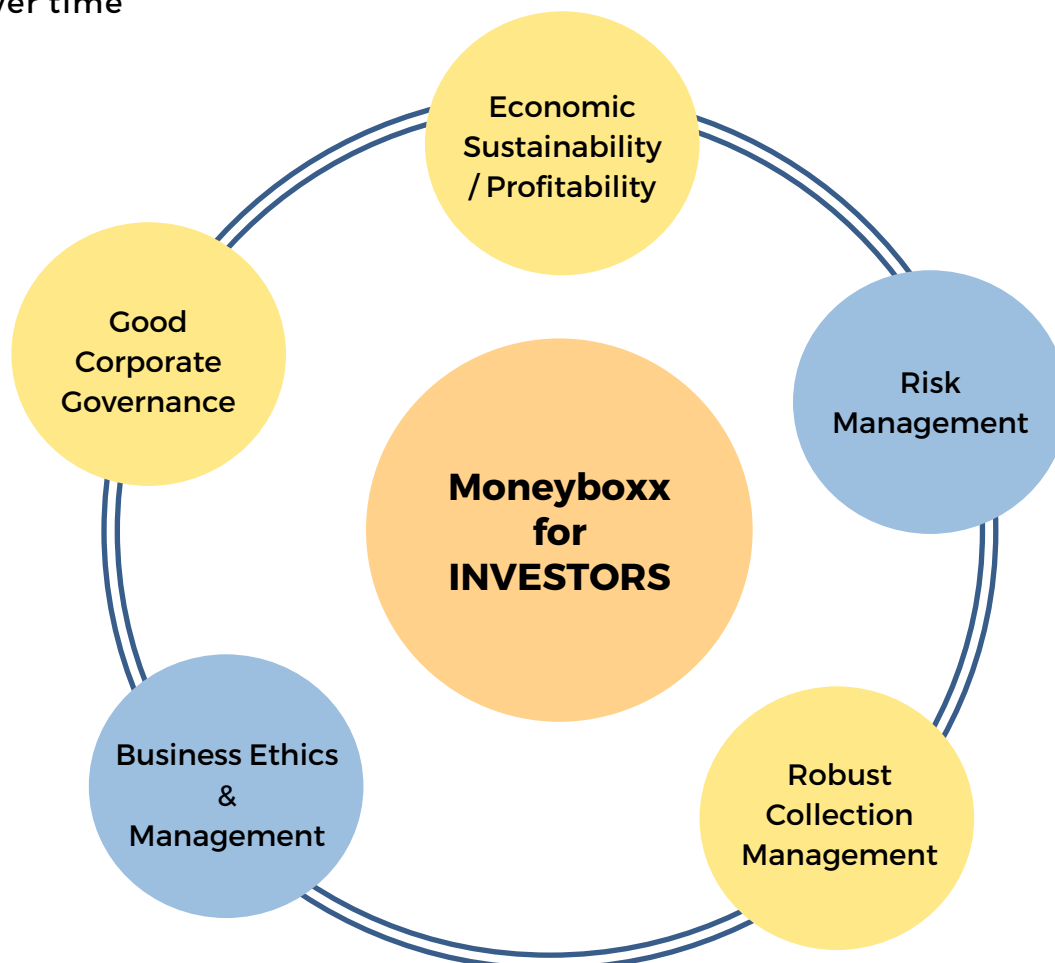

## MONEYBOXX IS ADEQUATELY CAPITALIZED

### Risk Management

We at Moneyboxx have risk management frameworks through which we identify the risks associated with our business and also deploy mitigation measures. The biggest risk for our business is credit default for which we have very strong management framework right from loan application to disbursement and collection.

- ✓ **Robust Credit Underwriting:** Robust credit underwriting backed by Non-traditional and Non-financial alternative data sources and sector specific inputs
- ✓ **Strong Risk and Compliance Culture Monitoring:** We believe in controlled aggression backed by strong risk and compliance culture
- ✓ **Sector Agnostic:** We are sector agnostic and spread our risk very cautiously across sectors and geographies to mitigate risk of harsh winds that may blow from sector to sector over time

## Robust Collection Management

Our asset quality is partly a reflection of our robust collection management system. Several external factors such as geography, delinquency, products, customer repayment history along with internal factors like our own collection strategy influence collections at Moneyboxx.

**High Collection Efficiency & Robust Asset Quality** - Moneyboxx grew its loan book with a focus on borrowers in essential sectors (viz. Livestock, Kirana) helping it build a stronger book with negligible NPAs and high collection efficiency even during the pandemic.

## Business Ethics & Management

We at Moneyboxx believe in transparency and ethical business practices. The promoters as well as management of the organization are highly qualified with relevant experience in the banking industry.

We believe in following the highest level of disclosures with all our stakeholders. We have strong code of conduct and Ethics within our organization.

## United Nations SUSTAINABLE DEVELOPMENT GOALS

(UN SDGs) Towards Investors

Cumulative Collection Efficiency

**99.6% (March 21)**

despite the pandemic is a testimony of very strong underwriting standards and collection efficiency at Moneyboxx.

High collection efficiency in Mar-Aug 2020 of **97.4%**.

“We are impressed with the core underwriting and collection model at Moneyboxx. Their sound process has ensured a resilient portfolio even in the present environment. It is our pleasure to support them in building up their portfolio and expanding their presence in new geographies. The funds will help Moneyboxx to further their cause of supporting the deserving micro-enterprises and create a positive impact in this segment.

**Mr. Ankur Bansal**  
Founder, Blacksoil

“We are happy to be part of the Moneyboxx journey as they address an important credit problem for the underserved micro-entrepreneurs in India. Their strong underwriting model, along with collection process, is likely to ensure that the portfolio will remain resilient even during the pandemic.”

**Mr. Abhijit Ray, Co-Founder & MD  
UC Inclusive Credit Pvt Ltd. (UCIC),  
Incubated by Unituscapital**

## Good Corporate Governance

We have a strong management and independent board wherein all leaders have had remarkable careers in the finance sector. The inputs and value they add at Moneyboxx is exemplary which helps us move closer to our goal of being the Lender of Choice.

The current policy is to have an appropriate mix of executive and independent directors to maintain the independence of the board and to separate its functions of governance and management.

Currently, the board comprises of 2 independent non-executive directors who have come from respected fields. There are 2 whole time directors and 2 non-executive directors in the organization from varied and respected fields.

## COVID 19 Update

Despite the challenges posed by the pandemic especially in the H1 FY 2020-21, Moneyboxx’s performance has been extremely resilient. Portfolio performance has increased confidence in our customer segment, asset class and credit underwriting. Situation on the ground is evolving with the third wave of infections, for which the organization is taking necessary measures to control and maintain the Credit quality. We are hopeful that with the ongoing vaccination drive, and actions taken by the Government, the situation will stabilize in the near future.

Disbursements during FY21 though grew strong by 63.5% to INR 5,544 lakhs compared to INR 3,391 lakhs in FY20, they were very negatively impacted by COVID-19 in H1FY21. The profit after tax for the year under review was (Rs. 297.52 Lakh).

Your Company diversified its funding sources by adding 7 new lenders in Q4FY21 and total 12 new lenders in FY21, taking the total lender count to 14 as of March 2021. New lenders in FY21 included reputed names – AU Small Finance Bank, Ambit

Finvest, Ashv Finance, BlackSoil Capital, Caspian Debt, Hinduja Leyland Finance, Capri Global, InCred, UC Inclusive Credit and others. Total debt raise was INR 4150 lakhs in FY21 which was lower than expected largely due to cautious approached followed by lenders due to pandemic, but in line with business growth. Continued support from the existing lenders and addition of new lenders demonstrate the confidence of the lenders in the Company's credit processes, asset quality, collection efficiency and the management team.

Company's performance in detail cover in Management Discussion & Analysis.

### COVID-19 PANDEMIC IMPACT

The continuation of COVID-19 pandemic in the Financial Year 2020-21 has caused a huge disruption creating an unprecedented impact on the financial well-being of nations, corporations, and individuals. When the pandemic struck and led to nationwide lockdowns to curtail the transmission of virus, it was natural to fear that the global economy would stay in extreme stress of the kind not seen since the great depression and would have a long-lasting economic impact.

Although, multiple vaccines were found with impressive efficacy levels in less than a year. Announcement of successful development of vaccines seemed to lift spirits around the world. Unfortunately, the advent of winter saw several countries battle second waves of COVID-19 infections, including more virulent strains leading to partial lockdowns. The race between vaccines and variants is heating up as massive vaccination drives are underway. Much depends on blocking transmission and not just the disease. A detailed discussion on impact of COVID-19 on the NBFC sector and operations of the Company is covered in the 'Management Discussion and Analysis.'

# MANAGEMENT DISCUSSION AND ANALYSIS

## OUR BUSINESS

Moneyboxx Finance Limited ('MFL', 'Moneyboxx' or 'the Company') is a BSE-listed, Non-Deposit taking, Non-Systemically Important Non-Banking Financial Company (NBFC-ND-NSI) registered with the Reserve Bank of India (RBI). It is a subsidiary of Moneyboxx Capital Private Limited and is engaged in the business of providing small-ticket business loans to micro and small enterprises. With financial inclusion at its heart, Moneyboxx caters to unmet credit needs of micro and small enterprises in Tier-III and beyond cities and rural areas.

With 22 branches spread across four states (Rajasthan, Madhya Pradesh, Haryana, and Punjab), it caters to credit needs of micro entrepreneurs in important and essential segments (livestock, kirana, retail traders, micro-manufacturers) by extending business loans ranging from INR 50,000 to 3,00,000 with tenure ranging from 6-36 months.

## OPERATING ENVIRONMENT

Global economic rebound continues after once-in-a-century pandemic shock.

Outbreak of COVID-19 pandemic in 2020 took a heavy toll on lives and livelihoods of millions of people around the globe. Pandemic-induced lockdowns and restrictions brought economic activity to a standstill in the early part of 2020 and sent shockwaves throughout the global financial markets.

However, governments and central banks around the world, having learnt lessons from the Global Financial Crisis of 2008-09, responded quickly with an unprecedented amount of fiscal and monetary stimulus, averting a global melt-down and leading to a strong and quick rebound in economic activity in the second half of 2020. Approval of vaccines in the later part of 2020 led to improvement in sentiments and supported economic rebound. The pace of vaccinations across the globe remains slow and uneven. To top this up, uncertainties about subsequent waves and virus mutations exists.

Despite this, prospects of economic rebound and recovery look brighter with continuous support from policy makers, availability of vaccines, and better preparedness of the healthcare infrastructure after previous waves.

The Indian economy is projected to grow by 9.5% in 2021 and 8.5% in 2022 after a contraction of 7.3% in 2020 as per IMF projections.

## India: Fast and equitable growth imperative

India had a quick rebound in economy activity after a sharp contraction in activity in Q1 of FY21 with GDP contracting by 24.4% compared to prior year. With gradual lifting of restrictions and reopening of the economy, the pace of contraction moderated to 7.4% in Q2, and GDP returned to positive terrain in Q3 of FY21. The economic rebound was supported by various measures taken by the Government and RBI. Overall, the total support announced by the RBI for the economy since February 6, 2020 (up to May 5, 2021) amounted to INR 15.7 trillion (8.0 per cent of 2020-21 nominal GDP).

## Quick rebound in India's quarterly GDP growth (YOY)

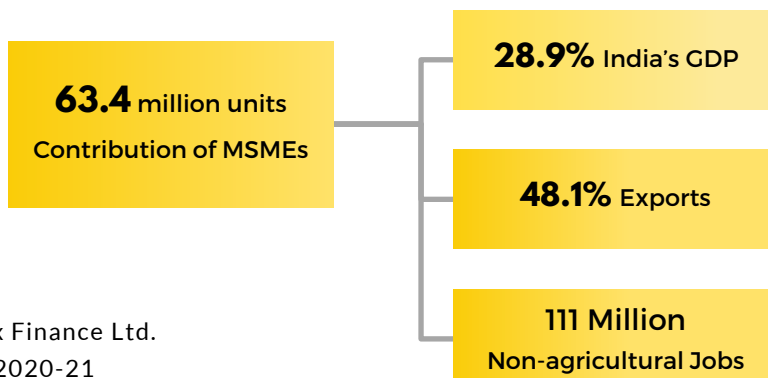

Thus, there is an urgent need for fast, inclusive and equitable economic growth for lifting living standards of its vast population.

Notwithstanding the short-term challenges posed by the pandemic, India is an emerging economic power with great potential given its large population base, young and educated workforce, and natural endowments of resources. While India is the world's third largest economy by GDP in purchasing power parity terms, it ranks low both in terms of per capita income at 155th position (GDP per capita in PPP terms of USD 6,454 in 2020) and Human Development Index with a rank of 131 out of 189 countries and classified under 'medium human development' category.

## VITAL ROLE OF MSMEs

India's 63.4 million Micro, Small and Medium Enterprises (MSMEs) play an important role in the economy with a 28.9% contribution to GDP and 48.1% to country's exports. MSMEs play a vital role in inclusive growth and economic empowerment with 51% of them situated in rural areas and 99.5% being micro enterprises.

# WHY CHOSE US?

## Huge Market Opportunity

While MSMEs play a crucial role in achieving fast and equitable economic growth, they face a huge credit gap estimated at INR 25.8 trillion in 2018 as per IFC Report.

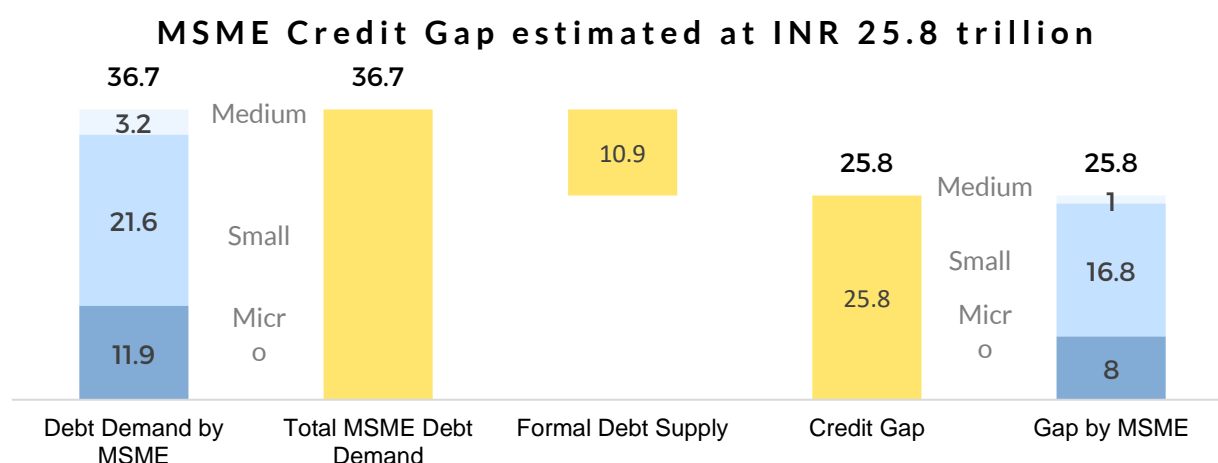

- Lack of credit history
- Inability to provide collateral
- Lack of formal documentation

Inhibit the flow of credit to micro and small enterprises (MSEs).

Banks and NBFCs perceive lending to MSEs as high risk, expensive proposition considering small average credit size, high transaction costs (due diligence, collection) Credit underwriting is difficult due to lack of information and predictable cash flow analysis.

Outdated underwriting: Focuses more on collateral and unable to assess true repayment capacity of the borrower.

Lack of innovative products: Inflexible loan terms (tenure, payment structure) and rigid collateral requirements.

## Moneyboxx addressing the credit needs of 'Missing Middle'

- Bottom of the pyramid borrowers in India are adequately addressed by numerous MFIs providing small group loans (MFI loans outstanding of INR 2.59 trillion as of March 2021)
- Secured loans with higher credit size (INR 300,000+) and salaried individuals and enterprises with documentary proof too are actively pursued by Banks and Fintech NBFCs
- However, unsecured business loans to Individuals in INR 50,000 to 300,000 ticket-size range is a severely underserved segment, presenting a huge market opportunity. Though, few MFIs and SFBs have selectively started giving individual unsecured loans of up to INR 100,000 the percentage is minuscule
- Additionally, there is **growing credit needs of microfinance borrowers graduating to individual loans**
- Fintech companies are unable to serve this segment effectively due to lack of data and addressing this segment requires on-ground presence for effective underwriting and collection efficiency

**Moneyboxx is addressing the credit needs of these underserved micro and small enterprises overlooked by Banks and NBFCs.**

## CREDIT FLOWS TO MSMEs: Small-ticket Loan is a Severely Underserved Segment

Commercial loans classified based on credit exposure aggregated at entity level. Micro segment includes Very Small (<INR 10L), Micro1 (INR 10-50L) and Micro2 (INR 50L – 1 Crore) segments.

### Micro Commercial Credit: INR trillion

## Huge Lending Opportunity

- Small-ticket loans (INR 50,000 to 10L) with credit outstanding of INR 1.02 trillion is a severely underserved segment compared to microfinance loans (INR 10,000 to 50,000) market at INR 2.59 trillion, thus presenting a huge lending opportunity. Moreover, there is additional demand from borrowers graduating from group loans to individual loans
- Notwithstanding the short-term challenges posed by the pandemic, given the huge unmet credit demand of micro enterprise estimated at around INR 8 trillion, and supportive policy framework, micro enterprise lending represents a huge opportunity which **Moneyboxx is well positioned to benefit from given its 'direct-to-customer' approach** through branch presence and deployment of technology in credit assessment, delivery, and analytics

## MSME LENDING – TRENDS IN FY21

### High Disbursements to MSMEs driven by ECLGS

Disbursements to MSMEs grew by 40% to INR 9.48 trillion in FY21 and the sharp jump in MSME lending was supported by ECLGS (Emergency Credit Line Guarantee Scheme) of the Government which provided 100% credit guarantee to lenders.

## High Disbursements to MSMEs driven by ECLGS

Disbursements by Credit Size (INR trillion)	Mar'20	Mar'21	YOY %
Micro: < ₹ 1 Crore	1.61	2.05	27.0%
Small: ₹ 1-10 Crore	2.64	3.86	46.1%
Medium: ₹ 10-50 Crore	2.51	3.56	42.0%
<b>MSME Total</b>	<b>6.77</b>	<b>9.48</b>	<b>40.0%</b>

## Strong Rebound in Credit Demand and Policy Support

MSME credit outstanding grew by 6.5% YoY to INR 20.21 trillion as of March'21. The strong rebound in credit demand, accompanied by equally strong credit supply and ECLGS support, led to growth in the credit outstanding amount of MSME sector to INR 20.21 trillion (lakh crores) and this credit growth was observed across all the subsegments of MSME lending as shown in the below table.

Commercial Credit by Segments (INR trillion)	Mar'19	Mar'20	Mar'21	YOY %	CAGR %
Micro: < ₹ 1 Crore	4.53	4.83	5.16	6.8%	6.7%
Small: ₹ 1-10 Crore	7.44	7.64	8.17	6.9%	4.8%
Medium: ₹ 10-50 Crore	6.61	6.50	6.88	5.8%	2.0%
<b>MSME Total</b>	<b>18.58</b>	<b>18.97</b>	<b>20.21</b>	<b>6.5%</b>	<b>4.3%</b>

As per TransUnion CIBIL MSME Pulse, June 2021 Report, lending to New-to-Bank (NTB) MSMEs recovered back to pre-COVID levels, while lending to Existing-to-Bank (ETB) continues to be buoyant as of March'21. Credit disbursals to NTB MSMEs had dropped by 90% in April'20 compared to pre-COVID levels and has gradually returned back to 5% higher than pre-COVID levels in March'21. Credit disbursals to ETB MSMEs jumped to 75% over pre-COVID levels in June'20 due to ECLGS, and since then has sustained at pre-COVID levels.

'The significant surge in MSME credit demand post unlocks reasserts India's growth story. Government's pro-growth initiatives like extending ECLGS support to the tune of INR ₹4.5 lac crores, regulatory reforms like restructuring of loans and the swift implementation of these initiatives by banks and credit institutions using data analytics has paved the way for fortifying MSMEs. With these progressive policies and support, India's MSME sector is set on a definite resurgence trajectory, and this bodes well for the future strength and growth of our economy', states TransUnion CIBIL MSME Pulse June 2021 Report.

## Stable NPA Rates for MSME Portfolios

NPA rates remained stable due to high credit growth and various support measures from government and regulator. NPA rates for MSMEs remained stable at 12.5% for March'21 compared to 12.6% for March'20. NPA rates jumped across subsegments in June'20 and reduced by September'20 before inching up again in March'21. Within the MSME subsegments, the NPA rates are higher for subsegments with larger ticket sizes and lowest for Micro loans.

## Opportunity for NBFCs to gain market share from PSU

Private banks gained market share in new originations at the expense of PSU banks while the market share of NBFCs remained stable in FY21. Low market share of NBFCs at around 11% presents an opportunity to gain market share from PSUs.

# CREDIT DELIVERY AND FINANCIAL INCLUSION POLICY INITIATIVES OF RBI AND THE GOVERNMENT

In the face of challenges due to COVID-19 pandemic, the RBI focused on strengthening the credit delivery mechanisms to ensure adequate and timely flow of credit to all productive sectors of the economy, especially agriculture and micro, small and medium enterprises (MSMEs).

Major initiatives taken by the Government of India and RBI during FY21 were:

## Review of Priority Sector Lending Guidelines

RBI reviewed its priority sector lending (PSL) guidelines with an objective to harmonize instructions issued to banks and various financial institutions and bring sharper focus on inclusive development. Through PSL targets for banks, the RBI aims to enable sections of society, which though creditworthy, are unable to access the formal banking system, for adequate and timely credit.

## New MSME Definition

The Government of India notified new definition for classifying enterprises as MSMEs, using composite criteria of investment and turnover, effective July 1, 2020, bringing more enterprises under the eligibility net for MSME-specific programs and support measures.

Enterprise	Investment in plant and machinery or equipment	Turnover
Micro	Up to INR 1 crore	Up to INR 5 crore
Small	Up to INR 10 crore	Up to INR 50 crore
Medium	Up to INR 50 crore	Up to INR 250 crore

## Introduction of Co-lending Model

To provide greater operational flexibility to banks and NBFCs for reaching out to priority sector, a revised scheme, renamed as co-lending model (CLM) was introduced, effective November 5, 2020. The primary focus of the revised scheme is to improve the flow of credit to the unserved and underserved sectors of the economy and make available funds to the ultimate beneficiary at an affordable cost, considering the comparative advantage of lower cost of funds of banks and greater reach of NBFCs. While the earlier scheme of co-origination allowed banks to partner with only non-deposit taking systemically important NBFCs (NBFCs-ND-SI), the revised scheme allows co-lending with all registered NBFCs (including housing finance companies) based on a prior agreement.

## Financial Inclusion Plans

To achieve a planned and structured approach to further financial inclusion, banks have been advised to prepare Financial Inclusion Plans (FIPs) and report the progress made to RBI monthly.

## Multi-decade Opportunity

Lending to micro enterprises is a sustainable and high growth opportunity given the huge unmet credit needs of the micro enterprises and the continuous focus and efforts of the Government of India and RBI on improving on financial inclusion.

## Business Expansion: Further Penetration in Existing Clusters and States

Moneyboxx expanded its operations in FY21 by adding 11 new branches during Q3FY21, spread across Rajasthan, Haryana, Punjab, and Madhya Pradesh. It expanded its presence to leverage its position in these states drawing comfort from its robust asset quality and high collection efficiency.

Moneyboxx expanded its presence in existing clusters and states to seize growth opportunities with focus on essential sectors and services.

**97.4%** collection efficiency during moratorium period (March-August 2020) despite COVID-19 pandemic.

Disbursements during FY21 grew strongly by 63.5% to INR 55.44 crores, though were very negatively impacted by COVID-19 in H1FY21 with nil disbursement in Q1.

Business momentum picked up in the second half of the financial year. Disbursements during Q4FY21 were INR 25.07 crore, registering a growth of 27.6% compared to Q3FY21, driven by growth at existing and launch of new branches.

### Fast scaling up operations in 2 years since the launch of first branch in Bharatpur, Rajasthan in Feb 2019.

### Expanding Income with Growing Scale

Total Income from Operations for FY21 was INR 10.97 crore compared to INR 3.75 crore in FY20, reporting a growth of 192.4% despite the impact of the pandemic which led to almost NIL growth in AUM in H1FY21, but helped by improving business at existing branches and addition of new branches.

Loss before tax for FY21 was INR 3.89 crore compared to Loss before tax of INR 3.41 crore in FY20. With recognition of deferred tax assets of INR 0.91 crore in FY21, Net Loss for FY21 was INR 2.97 crore compared to a Net Loss of INR 3.55 crore last year. The losses are attributed to build-out stage costs in the first two years of operations, though the losses would have been negligible in FY21 had the pandemic not hit.

Moneyboxx is committed to building a scalable and sustainable business model and the Management has outlined a clear path to profitability with growing scale and AUM, rising employee productivity and benefits of operating leverage.

## Disbursements picked up from Q3 (INR CRORE)

## Diversified Operations

Company's AUM grew by 111.3% in FY21 to INR 61.88 crore and AUM is well diversified across geographies and sectors with focus on essential sectors and services, thus lending stability to portfolio quality. Most livestock borrowers have more than one sources of income such as agriculture income, small kirana shop or small job which provides additional stability in income. **Once COVID situation improves, exposure to non-livestock segment expected to go back to pre-COVID levels of about ~50%.**

## Geographic Diversification Lends Stability

## Livestock & Kirana sectors Provide Resiliency

## High Collection Efficiency and Robust Asset Quality

Moneyboxx grew its loan book with a focus on borrowers in essential sectors (viz. Livestock, Kirana) helping it build a strong book with negligible NPAs and maintain high collection efficiency even during the pandemic. High collection efficiency of 97.4% during the moratorium period March-August 2020 and cumulative collection efficiency of 99.6% up to March 2021 despite the pandemic is a testimony of very strong underwriting standards and collection efficiency at Moneyboxx.

### EXCELLENT COLLECTION EVEN DURING LOCKDOWNS

Exceptionally strong asset quality with 99.36% of loan portfolio in current category as of 31 March 2021 and negligible write-offs of INR 10.53 Lakhs during FY21 (0.17% of Closing AUM).

Gross NPA (INR 13.2 Lakhs) was 0.21% of Loans as of 31.03.2021 compared to Nil as of 31.03.2020. Net NPA (INR 6.6 Lakhs) was 0.11% as of 31.03.2021 compared to Nil as of 31.03.2020. Expected Credit Loss (ECL) provisions stood at INR 30.32 Lakhs (0.49% of Loan Book) as of 31.03.2021 compared to INR 30.32 Lakhs (1.04% of Loan Book) as of 31.03.2020 which is adequate based on management assessment of very low delinquent assets.

## Strong Capitalization and Diversification of Funding Sources

Moneyboxx is adequately capitalized with a Capital Adequacy Ratio of 39.4% (of which Tier-I 39.02%) as of 31.03.2021 compared to 93.65% (of which Tier-I 92.62%) as of 31.03.2020. The Company had strengthened its capital base just before the start of pandemic by raising INR 11.65 crore Equity Capital in Feb 2020.

Moneyboxx also reduced funding cost and diversified its funding sources by adding 12 new lenders in FY21, taking the total lender count to 14 as of March 2021. New lenders in FY21 included reputed names – AU Small Finance Bank, Ambit Finvest, Ashv Finance, BlackSoil Capital, Caspian Debt, Hinduja Leyland Finance, Capri Global, InCred, UC Inclusive Credit and others. Total debt raise was INR 41.5 crore in FY21 which was lower than expected due to general risk aversion of lenders amidst the pandemic. Continued support from existing lenders and addition of 12 new lenders demonstrates the confidence of the lenders in Moneyboxx's credit processes, asset quality, collection efficiency and the management team.

### VALIDATION OF MODEL BY NEW LENDERS

### MONEYBOXX IS ADEQUATELY CAPITALIZED

# MONEYBOXX'S DIFFERENTIATED 'PHYGITAL' MODEL

## Building a Scalable and Profitable business with Financial Inclusion at heart

Moneyboxx is engaged in the business of providing small-ticket loans to micro and small enterprises in Tier III and beyond towns. It started its operations in February 2019 and in a span of two years, successfully scaled up its presence to 22 branches across four states (Rajasthan, Haryana, Punjab, and Madhya Pradesh) as of March 2021. The Company aims to build a scalable and profitable business model with financial inclusion at its heart.

**Mission:** To deliver easy, cost efficient and technology-driven financing solutions to aspiring micro enterprises

**Vision:** To be "The Lender of Choice" for deserving micro enterprises in India

**Target Market and Product Strategy:** Moneyboxx is addressing credit needs of under-served Micro and Small Enterprises (MSEs) overlooked by Banks and NBFCs. The Company follows a 'phygital' business model with on-ground presence for better understanding of customers and leverages technology right from credit assessment to approval, disbursement, collection, reporting and analytics.

## TECHNOLOGY

### Digital processes and tech-enabled decision making

Moneyboxx is at the forefront of deploying technology and continues to make significant investments in IT infrastructure to leverage the power of technology in digitizing processes and analytics and decision making.

IT Infra building has always been a focal point for us. Technology has been deployed to support the implementation of partnerships for business generation and collections, operational efficiencies, and compliance with regulations.

- ✓ Implemented enterprise platforms such as Microsoft NAV and Tableau BI tool hosted on a cloud platform with industry standard BCP framework. Regular assessments are done to improve the efficiency of the key IT applications keeping in mind changing business requirements
- ✓ Automated business controls and report generations, thereby reducing manual dependency
- ✓ Focus on UI/UX (User Interface/User Experience), such as tracking time spent by user in each screen, optimizing screen usage time to reduce TAT in terms of filling loan application
- ✓ Stress-testing of Application to understand the gaps in the product
- ✓ Product re-designing using Scrum framework as we move to more agile methodology
- ✓ Automated MIS reports, real-time data update and dashboard upgradation

## Risk Management and Internal Controls

The Company has put in place an adequate internal control system to safeguard all its assets and ensure operational excellence. The Company also has a team of internal auditors to conduct an internal audit which provides that all transactions are correctly authorized and reported. The Audit Committee of the Board reviews the reports and wherever necessary, strengthening of internal control systems and corrective actions are initiated.

## Human Resource Development

Financial year 2021 has been a year of transformation for any organization from Human Resource perspective. COVID-19 has changed the entire gamut of working culture from working closely in physical office space to a large work force moving to working remotely from homes. During the initial phase, many organizations and employees struggled to adjust to this hybrid model but have now come to terms and operating at pre-pandemic level from a productivity perspective.

We at Moneyboxx were quick to adjust to this new arrangement and all our employees could work remotely in the initial phase of the lockdown seamlessly, thanks to our agile IT systems and various collaboration tools that we deployed to work efficiently.

Moreover, we also ensured that no employee was asked to leave the organization during these difficult times, but in fact we extended all the rightful claims like salary increments, bonuses, and additional medical care benefits as per need.

We consider our people as our biggest asset and hence we make sure we hire the right talent with the right skill set. All employees go through a rigorous interview and onboarding process. The senior management is personally involved in each and every hiring, giving the importance it deserves.

We are building an inclusive working culture which is based on trust, respect and transparency. We believe a high performing culture leads on the above parameters, leads to high employee productivity and satisfaction. We have an active Rewards and Recognition program at the organization level to motivate employees and keep the engagement levels high.

We will continue to invest in our people through various training programs, providing growth opportunities in both functional and cross-functional roles and provide mentorship for shaping their careers.

# FINANCIAL STATEMENTS

MONEYBOXX FINANCE LIMITED

ADDRESSING CREDIT NEEDS OF THE "MISSING MIDDLE"

## INDEPENDENT AUDITORS' REPORT

TO,  
THE MEMBERS OF MONEYBOXX FINANCE LIMITED  
Report on the Audit of Financial Statements

### Opinion

We have audited the accompanying financial statements of **MONEYBOXX FINANCE LIMITED** (the "Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows ended on that date, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the loss and total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

### Emphasis of Matter

We draw attention to note 28 to the statement, which describes the uncertainty caused by Novel Coronavirus (COVID-19) pandemic with respect to the company's estimates of impairment of loans to customers and that such estimates may be affected by the severity and duration of the pandemic. Our opinion is not modified in respect of this matter.

### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors and Management is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance Report, and Shareholder Information, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibility of Management and Those Charged with Governance (TCWG)**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibility**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statement in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Financial Results, including the disclosures, and whether the Financial Results represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

#### Report on Other Legal and Regulatory Requirements

1. As required by Section 143 (3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.
  - (d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act.
  - (e) On the basis of the written representations received from the directors as on **31/03/2021** taken on record by the Board of Directors, none of the directors is disqualified as on **31/03/2021** from being appointed as a director in terms of Section 164 (2) of the Act.
  - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure A**”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.
  - (g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended :
 

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
  - (h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements.

- ii. The Company has made provision, as required under the applicable law or applicable accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
  - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

**“Annexure A” to the Independent Auditor’s Report**

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of MONEYBOXX FINANCE LIMITED of even date)

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013.**

We have audited the internal financial controls over financial reporting of **MONEYBOXX FINANCE LIMITED** as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial control system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and operating effectiveness of internal control based on the assessed risk. The procedures selected depend upon on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and

not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Annexure 'B' to the Independent Auditor's Report**

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Moneyboxx Finance Limited of even date)

- i. In respect of the Company's fixed assets:
  - a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
  - b) The Company has a program of verification to cover all the items of fixed assets in a phased manner which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
  - c) According to the information and explanations received by us, as the company owns no immovable properties, the requirement on reporting whether title deeds of immovable properties held in the name of the company is not applicable. In respect of immovable properties of land and building that have been taken on lease and disclosed as fixed assets in the financial statements, the lease agreements are in the name of the Company.
- ii. The Company is in the business of providing loans and does not have any physical inventories. Accordingly, reporting under clause 3(ii) of the Order is not applicable to the Company.
- iii. The company has not granted any loans or advances in the nature of loans to parties covered in the register maintained under section 189 of the Companies Act, 2013. Hence, the question of reporting whether the terms and conditions of such loans are prejudicial to the interests of the company, whether reasonable steps for recovery of over dues of such loans are taken does not arise.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Sections 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- v. Based on our scrutiny of the company's records and according to the information and explanations provided by the management, in our opinion, the company has not accepted any loans or deposits which are 'deposits' within the meaning of Rule 2(b) of the Companies (Acceptance of Deposits) Rules, 2014 and therefore, the provisions of the clause 3(v) of the Order are not applicable to the Company.
- vi. According to the information and explanations provided by the management, the company is not engaged in production of any such goods or provision of any such services for which the Central Government has prescribed particulars relating to utilisation of material or labour or other items of cost. Hence, the provisions of section 148(1) of the Act do not apply to the company. Hence, in our opinion, no comment on maintenance of cost records under section 148(1) of the Act is required.
- vii. According to the information and explanations given to us, in respect of statutory dues:
  - a) The Company has generally been regular in depositing undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Customs Duty, Cess and other material statutory dues applicable to it with the appropriate authorities.
  - b) There were no undisputed amounts payable in respect of Provident Fund, Employees' State Insurance, Income Tax, Goods and Service Tax, Customs Duty, Cess and other material statutory dues in arrears as at March 31, 2021 for a period of more than six months from the date they became payable.
  - c) According to the records of the company, there are no dues of sales tax/income-tax/value added tax/customs duty/excise duty/cess which have not been deposited on account of any dispute.
- viii. Based on our audit procedures and on the information and explanations given by the management, we are of the opinion that the company has not defaulted in repayment of loans or borrowing to a financial institution, bank, government or dues to debenture- holders.

- ix. The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) or term loans and hence reporting under clause 3(ix) of the Order is not applicable to the Company.
- x. Based upon the audit procedures performed and information and explanations given by the management, we report that no fraud on the company by its officers or employees nor any fraud by the company has been noticed or reported during the course of our audit.
- xi. In our opinion and according to the information and explanations given to us, the Company has paid / provided managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.
- xii. The Company is not a Nidhi Company and hence reporting under clause 3(xii) of the Order is not applicable to the Company.
- xiii. In our opinion and according to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable accounting standards.
- xiv. During the year, the Company has not made preferential allotment of equity shares.
- xv. In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its Directors or persons connected to its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. The company is a Non-Banking Financial Company and is required to be registered under section 45-I of the Reserve Bank of India. The company has obtained the registration vide certificate of registration no. B-14.03301 dated 13<sup>th</sup> March 2019.

**MONEYBOXX FINANCE LIMITED**  
(FORMERLY DHANUKA COMMERCIAL LIMITED)

**Note No. 1 CORPORATE INFORMATION**

Moneyboxx Finance Limited (Formerly known as Dhanuka Commercial Limited), an Indian Company incorporated on November 16, 1994, under the provisions of Companies Act, 1956, having its registered office at New Delhi. The Company is registered with the Reserve Bank of India ("RBI") as a Non-Systemically Important Non-Deposit Taking Non-Banking Financial Company (NBFC) and the Company is also listed on Main Board of Bombay Stock Exchange Ltd. (BSE), Mumbai.

The Company is engaged in lending and allied activities. The Company focuses on small and medium-sized enterprises (SME) lending, commercial lending and value-added services.

**Note No. 2 STATEMENTS OF SIGNIFICANT ACCOUNTING POLICIES**

**BASIS OF PREPARATION OF FINANCIAL STATEMENTS**

**1. Compliance with IND-AS**

The financial statements of the Company comply in all material aspects with Indian Accounting Standards ('Ind-AS') notified under Section 133 of the Companies Act, 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time and other relevant provisions of the Act. Any directions issued by the RBI or other regulators are implemented as and when they become applicable.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to the existing accounting standard requires a change in the accounting policy hitherto in use.

**2. Presentation of financial statements**

The Balance Sheet and the Statement of Profit and Loss are presented in the format prescribed under Division III of Schedule III of the Act, as amended from time to time, for Non-Banking Financial Companies ('NBFCs') that are required to comply with Ind-AS. The Statement of Cash Flows has been presented as per the requirements of Ind-AS 7 Statement of Cash Flows.

**3. Basis of preparation**

The financial statements have been prepared under the historical cost convention on the accrual basis except for certain financial instruments and plan assets of defined benefit plans, which are measured at fair values at the end of each reporting period as explained in the accounting policies below. All amounts disclosed in the financial statements and notes have been rounded off to the nearest INR in compliance with Schedule III of the Act, unless otherwise stated.

**4. Use of Estimates**

The preparation of financial statements in conformity with Ind-AS requires management to make estimates, judgements and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities) and disclosures as of the date of the financial statements and the reported amounts of revenues and expenses for the reporting period. Actual results could differ from these estimates. Accounting estimates and underlying assumptions are reviewed on an ongoing basis and could change from period to period. Appropriate changes in estimates

are recognized in the periods in which the Company becomes aware of the changes in circumstances surrounding the estimates. Any revisions to accounting estimates are recognized prospectively in the period in which the estimate is revised and future periods. The estimates and judgements that have significant impact on the carrying amount of assets and liabilities at each balance sheet date.

**5. Date of recognition of Financial Instruments**

Financial assets and financial liabilities are recognized in the Company's balance sheet when the Company becomes a party to the contractual provisions of the instrument.

## 6. Impairment of financial assets

The Company applies the ECL model in accordance with Ind-AS 109 for recognizing impairment loss on financial assets. The ECL allowance is based on the credit losses expected to arise from all possible default events over the expected life of the financial asset ('lifetime ECL'), unless there has been no significant increase in credit risk since origination. ECL is calculated on a collective basis, considering the retail nature of the underlying portfolio of financial assets.

The impairment methodology applied depends on whether there has been a significant increase in credit risk. When determining whether the risk of default on a financial asset has increased significantly since initial recognition, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis based on a provision matrix which takes into account the Company's historical credit loss experience, current economic conditions, forward looking information and scenario analysis. The expected credit loss is a product of exposure at default ('EAD'), probability of default ('PD') and loss given default ('LGD'). The Company has evaluated the PD and LGD based on the management's best estimate in accordance with Ind-AS 109.

## 7. Financial Liabilities

Financial liabilities are measured at amortized cost. The carrying amounts are determined based on the EIR method. Interest expense is recognized in statement of profit and loss.

Any gain or loss on de-recognition of financial liabilities is also recognized in statement of profit and loss.

Undrawn loan commitments are not recorded in the balance sheet.

## 8. Finance Cost

Finance cost is on account of adoption of Ind AS 116, Leases. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases.

Further the company applied provisions of Ind AS-109 for recognizing borrowing cost.

## 9. Write Offs

The gross carrying amount of a financial asset is written-off (either partially or in full) to the extent that there is no reasonable expectation of recovering the asset in its entirety or a portion thereof. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

During the year, the Company has written off the loan assets worth Rs. 10.53 Lakhs during the year

## 10. Provisions, Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events, and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

## 11. Cash and cash equivalents

Cash and cash equivalents include cash at banks and on hand, demand deposits with banks, other short term highly liquid investments with original maturities of three months or less/more that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value. The Company follows the policy of crediting the customer's account only on receipt of amount in the bank and as such no cheques in hand are taken into consideration.

## 12. Property, plant and equipment as per Ind-AS 16

### a. Recognition and measurement

Tangible property, plant and equipment are stated at cost less accumulated depreciation and impairment if any. The cost of property, plant and equipment comprise purchase price and any attributable cost of bringing the asset to its working condition for its intended use.

Cost of assets not put to use before such date are disclosed under Capital work-in-progress.

We have considered all payments made towards software implementation under Capital work in progress as our software is under implementation.

**b. Subsequent expenditure**

Subsequent expenditure incurred on assets put to use is capitalized only when it increases the future economic benefits / functioning capability from / of such assets.

**c. Depreciation, estimated useful lives and residual value.**

Depreciation is calculated using the straight-line method to write down the cost of property and equipment to their residual values over their estimated useful lives in the manner prescribed in Schedule II of the Act. The estimated lives used and differences from the lives prescribed under Schedule II are noted in the table below: -

Type of Assets	Estimated useful life as assessed by the Company	Estimated useful life under Schedule II of the Act
Computers	3 Years	3 Years
Software & System Development	3 Years	3 Years
Office Equipment	5 Years	5 Years
Motor Cars	8 Years	8 Years
Furniture & Fixtures	10 Years	10 Years
Leasehold Improvements	Tenure of lease agreements	Tenure of lease agreements

The Company uniformly estimates a five percent residual value for all these assets. Items costing less than Rs. 5,000 are fully depreciated in the year of purchase. Depreciation is pro-rated in the year of acquisition as well as in the year of disposal.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Changes in the expected useful life are accounted for by changing the depreciation period or methodology, as appropriate, and treated as changes in accounting estimates.

**13. Other intangible assets**

Software and system development expenditure are capitalized at cost of acquisition including cost attributable to readying the asset for use. Such intangible assets are subsequently measured at cost less accumulated amortization and any accumulated impairment losses. The useful life of these intangible assets is estimated at 3 years with zero residual value. Any expenses on such software for support and maintenance payable annually are charged to the statement of profit and loss.

**14. Revenue recognition**

Revenue (other than for those items to which Ind-AS 109 Financial Instruments is applicable) is measured at fair value of the consideration received or receivable. Amounts disclosed as revenue are net of goods and services tax ("GST") and amounts collected on behalf of third parties. Ind-AS 115 Revenue from Contracts with Customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers.

Specific policies for the Company's different sources of revenue are explained below:

**a. Income from lending business  
Interest Income**

Interest income on a financial asset at amortized cost is recognized on a time proportion basis taking into account the amount outstanding and the effective interest rate ('EIR'). The EIR is the rate that exactly discounts estimated future cash flows of the financial asset through the expected life of the financial asset or, where appropriate, a shorter period, to the net carrying amount of the financial instrument. The internal rate of return on financial asset after netting off the fees received, and cost incurred approximates the effective interest rate of return for the financial asset. The future cash flows are estimated taking into account all the contractual terms of the instrument.

The interest income is calculated by applying the EIR to the gross carrying amount of non-credit impaired financial assets (i.e., at the amortized cost of the financial asset before adjusting for any expected credit loss allowance). For credit-impaired financial assets the interest income is calculated by applying the EIR to the amortized cost of the credit-impaired financial assets (i.e., the gross carrying amount less the allowance for ECLs).

#### **Other financial charges**

Cheque bouncing charges, late payment charges and prepayment charges are recognized on a point-in-time basis and are recorded when realized since the probability of collecting such monies is established when the customer pays.

### **15. Employee Benefits as per Ind AS-19**

#### **a. Provident Fund**

Retirement benefit in the form of provident fund, is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service.

#### **b. ESIC**

The Company's contribution paid/payable during the year to ESIC are recognized in the statement of profit and loss.

#### **c. Gratuity**

The Company operates a defined benefit gratuity plan that provides for gratuity benefit to all employees. The benefit is in the form of lump sum payments to vested employees on resignation, retirement, or death while in employment or on termination of employment, as defined in provisions of Gratuity Act 1972 as amended. Vesting occurs upon completion of four years of service.

The Company creates an appropriate provision for gratuity fund based on the actuarial valuation determined as at the year-end.

The cost of providing benefits under the defined benefit plan is determined using the basis of last drawn qualifying salary.

#### **d. Compensated absences**

The Company has changed the policy on Leave Encashment during the year. Under the new policy, option of cash encashment has been discontinued.

### **16. Leases**

The Company has adopted Ind-AS 116 - Leases and applied it to all lease contracts entered. Based on the same and as permitted under the specific transitional provisions in the standard, the Company is not required to restate the comparative figures.

All leases are accounted for by recognizing a right-of-use asset and a lease liability except for:

- Leases of low value assets; and
- Leases with a duration of 12 months or less

The following policies applied-

Lease liabilities are measured at the present value of the contractual payments due to the lessor over the lease term, with the discount rate determined by reference to the rate inherent in the lease unless (as is typically the case) this is not readily determinable, in which case the Company's incremental borrowing rate on commencement of the lease is used. Variable lease payments are only included in the measurement of the lease liability if they depend on an index or rate. In such cases, the initial measurement of the lease liability assumes the variable element will remain unchanged throughout the lease term. Other variable lease payments are expensed in the period to which they relate.

Right-of-use assets are initially measured at the amount of the lease liability, reduced for any lease incentives received, and increased for:

- initial direct costs incurred; and
- the amount of any provision recognized where the Company is contractually required to dismantle.

Subsequent to initial measurement lease liabilities increase as a result of interest charged at a constant rate on the balance outstanding and are reduced for lease payments made. Right-of-use assets are amortized on a straight-line basis over the remaining term of the lease or over the remaining economic life of the asset if, rarely, this is judged to be shorter than the lease term.

#### 17. Goods and services tax paid on acquisition of assets or on incurring expenses.

Expenses and assets are recognized net of the goods and services tax paid, except when the tax incurred on a purchase of assets or services is not recoverable from the tax authority, in which case, the tax paid is recognized as part of the cost of acquisition of the asset or as part of the expense item, as applicable.

The net amount of tax recoverable from, or payable to, the tax authority is included as part of receivables or payables, respectively, in the balance sheet.

Further being an NBFC Company, the Company has followed the policy to availed only 50% input credit of GST on all expenses as well as on Capital Goods Purchased and the remaining 50% will be lapsed as per Rule No. 3 of ITC of GST.

#### 18. Income tax

##### a. Current tax

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 in respect of taxable income for the year and any adjustment to the tax payable or receivable in respect of previous years.

##### b. Deferred tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

#### 19. Earnings Per Share

The Company reports basic and diluted earnings per equity share as per Ind-AS 33. Basic earnings per equity share have been computed by dividing net profit / loss attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the year. Diluted earnings per equity share have been computed by dividing the net profit attributable to the equity shareholders after giving impact of dilutive potential equity shares for the year by the weighted average number of equity shares and dilutive potential equity shares outstanding during the year, except where the results are anti-dilutive.

#### Note No. 3 Reporting Segment

As the company is engaged in a single segment i.e., Financial Activities/Services, hence there is no separate reportable segment as per Ind AS 108.

#### Note No. 4 Details of Single Borrower Limits (SBL)/Group Borrower Limits (GBL) exceeded

The Company has not exceeded the single borrower limits/group borrower limits as set as by Reserve Bank of India.

### Note 28 Impact of COVID-19

COVID-19 global pandemic and severity of the second wave in India disrupted economic activity as local governments resorted to lockdowns and restrictions to fight the pandemic. While the Company has so far achieved best-in-industry collection ratios and asset quality, impact of the pandemic on the Company's assets and future results will depend on the future developments, including the extent to which the pandemic persists and responses of the government. Given the uncertainty over potential macro-economic impact, the Management has considered all the available internal and external information, including credit reports and economic forecasts up to the date of approval of these financial results. The Company has, based on the policy approved by the Board, determined the provision for impairment of financial assets and made suitable provisions for expected credit losses on financial results as on 31.03.2021.

The deemed venue for the AGM shall be the registered office of the Company.
2. Pursuant to the provisions of the Companies Act, 2013 ("Act") a Member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his / her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA Circulars and SEBI Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form, Attendance Slip and route map of the AGM are not annexed to this Notice.
3. Further pursuant to the provisions of Section 108 of the Companies Act, 2013 read with the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 (as amended) and the MCA and SEBI Circulars, the Company is holding its Annual General Meeting (AGM) through Video Conferencing ("VC")/Other Audio-Visual Means ("OAVM"), without the physical presence of the Members at a common venue. For the said purpose the Company has engaged the service of National Securities Depository Limited (NSDL) for conducting AGM through VC/OAVM. Further, NSDL has also been engaged for facilitating e-voting to enable the members to cast their votes electronically using remote e-voting system as well as e-voting during the AGM. The procedure for participating in the meeting through VC/ OAVM is explained in the notes below.
4. Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
5. An Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 ("the Act") setting out material facts relating to the special business(es) to be transacted at the AGM is annexed hereto. Explanatory Statement as required under Section 102(1) of the Companies Act, 2013 is annexed.
6. Brief profile and other additional information pursuant to Regulation 36(3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard on General Meetings (SS-2) issued by The Institute of Company Secretaries of India, in respect of the Director seeking appointment/re-appointment at the AGM, is also annexed to the Notice.
7. Pursuant to the abovementioned Circulars the Company will send the Annual Report for the financial year 2020- 21 and AGM notice in electronic form only. The Notice of AGM and Annual Report for the financial year 2020- 21 are also placed on the website of the Company i.e. [www.moneyboxxfinance.com](http://www.moneyboxxfinance.com) and the website of National Securities Depository Limited i.e. [www.evoting.nsdl.com](http://www.evoting.nsdl.com) and at the relevant sections of the websites of the stock exchanges on which the shares of the Company are listed i.e. BSE Ltd. ([www.bseindia.com](http://www.bseindia.com)).
8. All documents referred to in the Notice will be available for electronic inspection by the members, without any fee, from the date of circulation of this Notice up to the date of AGM, i.e. September 24, 2021. Members seeking to inspect such documents can send an email to investor [info@moneyboxxfinance.com](mailto:info@moneyboxxfinance.com).

The Register of Directors and Key Managerial Personnel and their shareholding, maintained under Section 170 of the Companies Act, 2013 ("Act"), the Register of Contracts or Arrangements in which the directors are interested, maintained under Section 189 of the Act will be available electronically for inspection by the members during the AGM. Further, members seeking any information with regard to the accounts or any other matter to be placed at the AGM, are requested to write to the Company latest by September 18, 2021 through email on [info@moneyboxxfinance.com](mailto:info@moneyboxxfinance.com) Such questions shall be taken up during the meeting or replied by the Company suitably.

9. Corporate/ Institutional members intending to attend the AGM through authorised representatives are requested to send a scanned copy of duly certified copy of the board or governing body resolution authorising the representatives to attend and vote at the Annual General Meeting. The said Resolution / Authorization shall be sent to the Scrutinizer by email through its registered email address to [csshankpashine@gmail.com](mailto:csshankpashine@gmail.com) with a copy marked to [evoting@nsdl.co.in](mailto:evoting@nsdl.co.in)
10. The Notice is being sent to all the Members / Beneficiaries electronically, whose names appear on the Register of Members / Record of Depositories as on Friday, August 27, 2021 in accordance with the provisions of the Companies Act, 2013, read with Rules made thereunder and MCA and SEBI Circulars.
11. a) The Company has fixed as Friday, September 17, 2021 as the cut-off date for determining entitlement of members who will be eligible to attend and vote at the Meeting.
12. A person who is not a member as on cut off date should treat this Notice for information purpose only

The remote e-voting period begins on Tuesday, September 21, 2021 at 09:00 A.M. (IST) and ends on Thursday, September 23, 2021 at 5.00 P.M. (IST). During this period, members of the Company holding equity shares either in physical form or in dematerialized form, as on the cut-off date i.e., Friday, September 17, 2021, may cast their vote electronically. The remote e-voting will not be allowed beyond the aforesaid date and time as the same shall be disabled by NSDL for voting thereafter.

The facility for electronic voting system, shall also be made available at the AGM. The Members attending the AGM, who have not cast their votes through remote e-voting and are otherwise not barred from doing so, shall be able to exercise their voting rights at the AGM. The Members who have already casted their votes through remote e-voting may attend the meeting but shall not be entitled to cast their votes again at the AGM.

Once the vote on a resolution is cast by the shareholder, the shareholder shall not be allowed to change it subsequently. There will be one e-vote for every Folio/ Client ID irrespective of the number of joint holders. Voting Rights shall be reckoned on the paid-up value of shares registered in the name of the Member(s) as on cut-off date and any person who is not a member as on that date should treat this Notice for information purposes only.

**Item No. 3**

**To approve upward revision in the remuneration of Mr. Deepak Aggarwal. (DIN: 03140334), as Whole-time Director and Co-CEO of the Company**

The Member(s) of the Moneyboxx Finance Limited, at 26<sup>th</sup> Annual General Meeting (AGM) held on December 21, 2020 had appointed Mr. Deepak Aggarwal as Whole-Time Director w.e.f. September 15, 2020 for a period of three (3) years. The terms of appointment and remuneration were approved by the Member(s) vide resolution passed at the meeting.

Mr. Deepak Aggarwal is a Qualified Chartered Accountant and possessed a rich and varied experience of over 17 years in the field of investment banking and financial service sectors in various capacities.

Considering his immense contribution towards the operations of the Company, Nomination & Remuneration Committee and Board of Director(s) recommends upward revision in remuneration w.e.f. October 01, 2021. Pursuant to Section 197 of the Companies Act, 2013, if in any financial year a company has no profits or its profits are inadequate, payment of remuneration to its director(s) including any managing or whole-time director (exclusive of sitting fees payable to directors) may be made only in accordance with the provisions of schedule V of the Companies Act, 2013.

Consequently, out of abundant caution and in view of the relevant extant provisions of law relating to managerial remuneration, the Company is complying with the provisions of Section II of Part II of Schedule V of the Companies Act, 2013 which prescribes that in case of no profits or inadequate profits, the remuneration can be paid within the limits arrived at in accordance with the requirements of the said section II, subject to the following: -

- (i) *The payment of remuneration is approved and recommended by a resolution passed by the Board and also by the Nomination and Remuneration Committee of Directors respectively.*
- (ii) *There is no default in repayment of any of its debts or interest payable thereon.*

In view of the stated points this is to note that, the Nomination and Remuneration Committee and Board of Director(s) at its meeting held on August 14, 2021 had already approved and recommended the remuneration payable to Mr. Deepak Aggarwal. Further, the Moneyboxx Finance Limited has not made any default in repayment of any of its debts or interest payable thereon.

Disclosure as required under Section II of Part II of Schedule V to the Companies Act, 2013 and the Corresponding Rules forms part of this notice in **Annexure-I**.

Further, pursuant to Regulation 17(6)(e) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations'), the fees or compensation payable to executive directors who are promoters or members of the promoter group, shall be subject to the approval of the shareholders by Special resolution in general meeting, if (i) the annual remuneration payable to such executive director exceeds Rupees 5 (five) crore or 2.5 (two and half) per cent of the net profits of the listed entity, whichever is higher; or (ii) where there is more than one such director, the aggregate annual remuneration to such directors exceeds 5 (five) per cent of the net profits of the listed entity. The Special resolution being proposed would also be in compliance with the aforesaid requirements of SEBI Listing Regulations.

The Board recommends the resolution at No. 3 for approval by the Member(s) by way of **Special Resolution**.

None of the Directors of the Company and/or their relatives, except Mr. Deepak Aggarwal and his relatives, are deemed to be concerned or interested, financially or otherwise in the said resolution except to the extent of their shareholding, if any, in the Company or any of their interest as Director or member or otherwise mentioned herein above, in the Company.

**Item No. 4**

**To approve upward revision in the remuneration of Mr. Mayur Modi, (DIN: 08021679), as Whole-time Director and Co-CEO of the Company**
